

Consultancy to Churches

Jeffrey Keays Associates are pleased to be on the approved list of consultants for the Dioceses of Sheffield, Leicester, and Southwell and Nottingham, where Jeffrey also sits as a DAC fabric advisor. At present, we care for thirteen churches, including:

Worksop Priory Church
St. Giles, Carburton
St. Michael the Archangel, Retford, Notts
All Hallows, Ordsall, Notts
St. Laurence, Norwell
St. Mary the Virgin, Lowdham, Notts
St. Aidan Mission Church, Caythorpe, Notts
St. John, Gunthorpe
St. Giles, Balderton, Notts
All Saints, Barnby-in-the-Willows
St. Mary's, Kilvington, Notts
St. Swithin, Kirklington
St. Oswald, Finningley

Each church has its own particular character and needs. Our work to the churches has consisted of quinquennial reports, masonry repairs, roof repairs and replacement and new heating installation. We have also carried out reordering works at All Hallows, Ordsall; St. Michael's in Retford, and St. Oswald, Finningley.

We are currently involved in the early stages of re-ordering works at Worksop Priory church, part of a larger scheme for the re-interpretation and upgrade of the entire Priory site.
